- 7 Occupants or more = \$92,607

Applicant certification: I understand that my rent cannot increase as a result of this program. I understand that information provided by me will be used solely for program purposes and will otherwise be kept confidential. I have attached documentation confirming income eligibility (not necessary when application is completed by a referring agency).

I give permission to Enbridge Gas Inc., participating sponsors and program contractors to:

- verify income or benefits received by my household for purposes of confirmed eligibility;
- contact me or my case worker;
- conduct an energy efficiency audit of my home at no cost to me;
- obtain natural gas consumption records from Enbridge Gas for up to 3 years before and after work is done for program verification and evaluation purposes;
- provide advice and perform energy efficiency upgrades to my home at no cost to me;
- randomly choose me to participate in a Quality Assurance/Quality Control assessment;
- use photocopies of this signed release for these purposes;
- share customer information that pertain to related programs to further assist me with energy efficiency.

Home Winterproofing Program

Application form

Warm up to energy savings. Enbridge Gas can help.

As your home becomes more energy efficient, your costs can go down.

Enbridge Gas wants to help customers save money and energy through our free Home Winterproofing Program.

This program includes improvements like insulation, draft proofing and smart thermostat installation.

The program is free for Enbridge Gas customers in financial need who own or rent a detached home, semi-detached home, row house, townhouse or mobile home, and have a valid Enbridge Gas account.

The benefits of this program include:

- Energy bill savings.
- Having an energy-efficient home creates a healthier living environment.
- Fewer drafts will make your home more comfortable for you and your family.

If you rent, your landlord's pre-approval is required
